FEATURES

ICS Cool Energy provides commercial, industrial and medical solutions for air purification with a range of AirXPro medical grade air purifiers with air flow rates from 380m³ to 1500m³ per hour.

The AirXPro multi-fan design air purifiers remove 99.6% of airborne bacteria, viruses and pollutants* and have a PM2.5 removal rate of 99.87% (30m²) operating for 1 hour).
