

TEMPERATURE CONTROL APPLICATIONS FOR HVAC & BUILDING SERVICES

TEMPORARY SPACE & SPOT COOLING FOR OFFICES, RETAIL, HOSPITALS, EDUCATION & HOTELS

If you are experiencing a peak in temperature and your existing air conditioning system is out of action or simply not providing enough cooling capacity, we stock an extensive range of hire air conditioning equipment to keep your employees, staff, students & guests cool. This includes spot coolers & portable air conditioning units, a perfect solution for all emergency, short, medium and long-term space cooling requirements.

HEATING & HOT WATER FOR BUILDINGS, FACILITIES & DISTRICT HEATING APPLICATIONS

Our hire fleet contains a large range of boilers up to 2MW to get your offices, buildings & facilities' heating or hot water back up and running rapidly in the event of a breakdown or emergency. We also provide rental cover during periods of maintenance or replacement & this includes complete fuel management solutions and 24-hour support, from small buildings right through to multi MW district heating projects. Our portfolio also contains an excellent range of portable electric boilers, air-handling

units, electric fan heaters, radiators and indirect diesel fired heaters. Full install & commissioning taken care of by our expert Engineers.

IT, TELECOMS & DATA CENTRE COOLING

We understand the challenges and demands of data centre cooling. We have a wide range of flexible solutions that can be on your site within hours in the event of a breakdown or provide planned temporary or an extra cooling boost in hot weather as well as affordable, long-term hire options. Our robust portable range includes the Cool Clima – a single fan air conditioner with large volume air movement – ideal for 'plug in' supplementary cooling. For larger projects, we provide a full site assessment and design, install and maintain a powerful, economical solution.

STORE ROOM COOLING & COLD STORAGE FOR MANUFACTURERS

We provide air handling unit / low temperature fan coil and chiller combinations to keep existing storage

spaces cool & at the right temperature, particularly for manufacturers of food, beverage, chemical and pharmaceutical products. We also offer a range of portable artic cold stores for hire, ideal where space is at a premium or additional temporary storage capacity is necessary.
